

5 Tools in 5 Minutes

Maximize your time and do more with less with these five easy-to-use tools.

Trello

My favorite project management tool that helps you organize all the things!

Cost: Free! (Paid Options)

Trello.com

Canva

The design software for non-designers! Use templates or create your own designs to express your brand and more.

Cost: Free! (Pro Option)

Canva.com

1Password

Remember just ONE password to make it easier to manage you, your team, and your client's accounts!

Cost: \$3-\$5 / month (+Team Options)

1password.com

ChatGPT

Make AI work for you - literally. Use ChatGPT to help repurpose content, give you ideas and even household help (like meal planning!)

Cost: Free! (Paid Options)

openai.com/blog/chatgpt

Screen Time

There is a reason your phone gives you a tool to help limit your screen time. Set time limits and then?

Honor them!

Cost: Free!

BONUS: Calendars!

Use your favorite digital option AND take it a step further with my downloadable quarterly and annual calendars!

Cost: \$13 - \$30
